LASER CUTTING AND FINE LIMIT SHEET METALWORK.

CARLTON LASER SERVICES, a leader in their field, operates from its state-of-the-art 36,000 sq.ft manufacturing centre, providing a single source service.

Whether it be initial design or a finished assembly, Carlton provides it all.

Operating a 24-hour service, Carlton's reputation for on-time deliveries, quality and value for money have allowed it to continually expand in to automotive, material handling, food, leisure and electronic sectors and was recently acknowledged as "**Suppler of the Year**" awarded by the Confederation of British Metalforming (CBM).

With continued sizeable investments such as an FMS fully automated laser / punching cell, a £400k robotic bending cell and a further £750k capital investment announced two weeks ago, has allowed optimized workflow and flexibility, thus driving down costs.

Carlton being proactive and "thinking outside the box" has ascended the added value chain to compete both nationally and internationally.

Carlton is an Investor in People and accredited to BS EN ISO 9001:2008.

Fosse Bearings is a family run business that has serviced all Industries and Agriculture for over 35 years. Established in 1975 the company aims to provide our customers with a quality product at the right price. During our time in business we have gained ties throughout the local industry and today continue to pride ourselves on fulfilling consumer needs. Based in Thurmaston our sales and repair team share a vast amount of experience in the Bearing and Transmission industry that enables us to provide a specialist service which meets the customer's application requirements. Alongside our distribution of bearing and power transmission products we offer a general in house engineering service. This includes all types of machining and maintenance of industrial gearboxes, pumps, machinery and appliances.

We are distributors for Criptic Arvis - Goodyear - Challenge Power Transmissions - Koyo - Habasit Rossi - SEW Eurodrive - Kobo - Lockfast and hold accounts with most manufacturers in the transmission fields.

Fosse Bearings - We offer a Complete Service to all Industries and Agriculture

ADDRESS	2-6 YORK STREET LEICESTER LE1 6NU
CONTACTS	TEL: 0116 254 5411 FAX: 0871 277 8928
WEBSITE	WWW.PRECISION RECRUITMENT.CO.UK
CONTACT NAMES	PHIL WALKER, DIRECTOR SCOTT LYDON, ENGINEERING MANAGER

We hold a large database of local and national reliable engineering candidates who might not necessarily answer a job advert, but will respond to our approach regarding temporary, contract and permanent positions.

Our discipline-specific consultants can discuss your engineering vacancies knowledgeably so you can feel confident that they understand your needs. So if you don't want to waste time on piles of CV's that just aren't relevant, talk to one of our engineering consultants who will commit to:

- Sending you two to three high quality candidates experienced and qualified in the disciplines and to the level you specify
- Ensure staff are in place when you need them to avoid project delays
- Reduce the time you have to invest in recruitment to allow you to get on with your day job

Our no placement - no fee policy means our service only becomes chargeable when we find you exactly the right person to fulfil your business requirements.

For more information and to discuss your future engineering or technical vacancies, contact Director Phil Walker or Engineering Manager, Scott Lydon.

TRUCK HYDRAULIC SERVICES LTD

Our company was established in 1987 and in 2005 we moved from Markfield to a new purpose-built facility at Bardon, North Leicestershire.

We have a fully-equipped workshop dedicated to the service and repair of truck-mounted hydraulic equipment, including loader cranes, tippers, skip loaders, brick grabs, and clam shell buckets.

We offer a full ram repair service and hold over 100 exchange rams in stock.

We run a range of vehicles from fully-equipped service vans down to rapid response vehicles covering a 50 mile radius of our base here in Leicestershire (M1 Junction 22).

We offer specialist hydraulic solutions for most vehicles, including PE units, recovery equipment etc.

We are full ALLMI members and are Leicestershire's only ALLMI accredited loader crane testers. We hold a huge stock of new genuine mfg parts & reconditioned & recycled parts.
